

Ed Ford Heads Didsbury Fish and Game Association

At the annual meeting of the Didsbury and District Fish and Game Association, held in the Lions Hall on Friday evening, March 30, Ed Ford was elected president for the year 1951, along with the following officers:

Honorary-President, A. G. Studer, Vice-President, E. B. Grange, Sec.-Treas., Geo. McDonald.

Committee chairman will be appointed by the Executive.

Delegates reported on the annual convention held in Calgary on February 3 and 4, and Ed Ford, chairman of the Fish Committee stated that the main resolution affecting this district was the classifying of bull trout as a game fish, the elimination of the size limit on fish caught, and the opening of the Bow River east of the Louise Bridge in Calgary for year-round fishing. Mr. Ford also stated that the area west of Didsbury, south and north, produced more fish in 1950 than any other area in Alberta, according to the report of fishery officials.

Raymond Fulkerth, chairman of the upland game bird committee, reported briefly on the convention, and the main topic dealt with pheasants and the appointing of a 3-man committee in Alberta to conduct all phases of the pheasant population. He also stated that indications in Alberta were that the Hungarian Partridge, Prairie Chicken and Ruffed Grouse would reach a peak cycle during the next two years.

Kon McCoy, who was predator delegate at the convention, reported that Starlings were placed on the predator bird list, that 1080 poison was to be tried in Alberta on a

limited scale by government officials, and in future hunting of game birds would be prohibited on organized coyote drives.

Irwin Klein reported as big game delegate to the convention, and while most of the resolutions were referred to the parent body for consideration, he stated that the moose season and the season on cow elk would be definitely closed in Alberta this fall. Owing to a demand for experimenting on buck and doe deer seasons, the convention went on record regarding the opening of an area somewhere in Alberta this coming year for the shooting of both male and female big game animals.

Geo. McDonald, representing the good and welfare committee, reported that membership was the main topic, and the convention favoured the selection of a special committee to work with the local associations in an effort to increase membership. He pointed out that out of a total of 35,000 game bird licenses issued in Alberta last year, the Alberta Fish and Game Association only had 11,000 members.

The financial statement was reviewed and showed a bank balance of \$119.

E. B. Grange reported that the winter magpie campaign had been successful again this year, with all available funds for this purpose paid. A vote of thanks was tendered to Mr. Grange for his work in this connection.

The membership fee was again set at \$1.00 for this year.

The crow and magpie campaign was discussed and it was decided to hold the usual summer campaign with Mr. E. Grange in charge.

DIDSBURY STORES TO REMAIN OPEN TILL 10:00 P.M. SATURDAYS

After closing at 6:00 o'clock on Saturday evenings during the past three months, the Didsbury stores will again remain open till 10:00 o'clock in the evening each Saturday during the spring, summer and fall months. An advertisement to this effect appears in our advertising columns this week.

WESTCOTT ITEMS

On Thursday evening of last week a number of friends of Marjorie Goetjen gathered at her home to help celebrate her eighteenth birthday. Miss Fay Prevost supplied the music for singing and dancing and the conclusion of the party the guests were served birthday cake and ice cream.

Mrs. Clarence Rinehart returned the first of last week from her visit with the Bob Fatchells at Cremona. Mr. Fred Metz accompanied Mr. and Mrs. Herbert Goetjen to Red Deer on Saturday last when they attended the Central Alberta Municipal convention.

Mr. and Mrs. R. J. Goetjen and Harvey were supper guests with the former's brother, Herbert Goetjen, and family last Sunday evening.

Mrs. Herbert Goetjen is quite ill with the flu this week.

A good crowd attended the dance held at the Westcott school last Tuesday evening and all reported having a good time.

The variable ju machine is making its rounds again in this district and Mr. Chas. Topping is the operator.

Little Royal Held At Agriculture School

About five hundred spectators attended the Little Royal at the Old School of Agriculture on Wednesday, April 28, at the farm mechanics building. The graduates in agriculture are assigned one of the school animals to groom and train for the show, and they are judged on points for grooming and showmanship in the ring. Charles Peterson, District Agriculturist from Ponoka and a former instructor at Olds, was the judge and awards were as follows:

Yorkshire Gilts: 1st, Glen Buchwald, Standard.

Yorkshire Gilts (another class) 1st, Roy Wilson, Calgary.

Holstein Heifer Calves: 1st, Harold Schielke, Carstairs.

Holstein Cows: 1st, Walter Scheidt of Didsbury.

Shorthorn Heifer Calves: 1st, Herman Schwenk, Talbot.

Shorthorn Yearling Heifers: 1st, Don Roisen, Carstairs.

Shorthorn Cows: 1st, Fred Reath, Vulcan.

Percheron Horses: 1st, Melvin Fredrick, Carstairs.

Six boys, competing in teams, butchered hogs and cut up the carcasses into retail pieces, as their assignment. Machinery, feed and tools, woodwork and blacksmithing were also on display.

The girls had a fashion parade and demonstrations in cooking and home nursing in the afternoon.

Two Didsbury girls were in the fashion parade. Geraldine Fulkerth modelled a very pretty wine afternoon dress and Deanne Krueger modelled a smart royal blue crepe dress.

Those graduating from Didsbury include Don Robertson, Claude Trenholm, Dorne Gillrie and Walter Scheldt.

Donald Blain is a first year student in Agriculture.

Many Didsbury people attended the Achievement Day and were proud of the work done by the Didsbury students.

Mr. McPhail, District Agriculturist, said at the conclusion of the events that 17 of his former calf club members were attending O.S. A. this year, and he was pleased that in four of the livestock classes former members of his calf club took first prizes in showmanship and grooming awards at the Little Royal.

Mr. and Mrs. Jack Edwards and family were Sunday dinner guests of Mr. and Mrs. Richter of Calgary.

Mr. and Mrs. Fred Befus and family were Sunday dinner guests of Mr. and Mrs. C. Meyer and family.

Mr. and Mrs. E. Arnold of Bowden, Mr. and Mrs. Arnold accompanied them home and will remain for a visit.

Miss Sharlene Hillebrecht of Calgary spent the Easter holiday with the Meyer family and with Mr. and Mrs. E. A. Bartz.

Mr. and Mrs. L. Hunsperger and family and Mrs. D. Wood were

Elkton Willing Workers Donate to Red Cross

The Elkton Willing Workers held a fashion show and program in the Elkton school on Tuesday last week, and \$28.65 was taken in for the Red Cross drive. It was decided to increase this sum to \$30, out of funds, and to pay the expense of cleaning the school.

Mr. and Mrs. H. Erickson returned Sunday from a week's holiday in Ontario. Miss D. Taylor and Miss N. Erickson looked after the store and post office during their absence.

Mr. and Mrs. O. Thompson were overnight visitors in Calgary on Thursday, when the former attended the hockey game at the arena.

The game was Mr. and Mrs. Arnold Hogg and Mr. P. Luft.

Four tables of whist and four of bridge were played at the social evening in the Rugby hall on Friday evening and as the proceeds were for the hall lights the turnout was very large.

Miss Viola McNaughton went to Miss Viola McNaughton for whist and to Mr. O. Krebs for bridge.

Mr. and Mrs. J. Bagshaw were Calgary visitors on Friday, taking Mrs. F. Byrt down for further medical treatment.

Mr. and Mrs. Arnold Hogg were Calgary visitors on Sunday.

Mr. and Mrs. C. Crosby visited with Mr. and Mrs. C. Russell on Sunday evening.

Mrs. Glen Ray, who underwent a major operation in the Didsbury hospital recently, is doing nicely.

Mrs. O. Krebs and Mr. H. Jones, A. L. Hogg spent Saturday evening with Mr. and Mrs. O. Thompson.

Among those spending Monday evening with Mr. and Mrs. Alfred Cowitz were Mr. W. Rigsby, Mr. and Mrs. J. Bagshaw, Mr. and Mrs. A. L. Hogg, Arnold Hogg, Mr. and Mrs. O. Thompson and Mrs. O. Krebs.

Mr. and Mrs. Alfred Cowitz were Calgary visitors at the week end.

Mr. and Mrs. Sproule of Red Deer spent Sunday with Mr. and Mrs. O. Thompson.

Mr. and Mrs. Elwood Rigsby, Mr. and Mrs. N. Rigsby, Mr. and Mrs. G. Wilson and Mr. and Mrs. Camps visited on Sunday with Mr. and Mrs. W. Rigsby.

THIS "BUTTON BLANKET" has captured the attention of visitors to the exhibit of native arts at the Provincial Museum of Fine Arts. An Indian craftsman has depicted, with the use of tiny peat buttons, a beaver, a killer whale, trapped on a rock. Shown left to right, are Hon. Robert H. Winters, Minister of Resources and Development, who opened the exhibition; Mrs. E. B. Panet; Mrs. Winters; Maj.-Gen. Fanny, one of the Museum's vice-presidents; and Dr. Robert Tyler Davis, Museum director.

Red Cross Collections \$2200; Crow And Magpie Contest Rules Changed

Still Need \$800 For Quota

The fine spring weather of the past week has given the Red Cross campaign in the Didsbury area a new lease on life as far as the \$3,000 quota is concerned, and on Monday total collections were reported at \$2,200. This means that another \$800 is needed before the campaign is closed. It is to get its quota, and in this endeavor the campaign is being extended.

There are still a number of local and district people who have not been canvassed for Red Cross donations, and while the canvassers may not complete their rounds, a donation can still be made at the campaign headquarters in Reibel Brothers office, to Mr. W.A. Austin, or to any one of the canvassers.

The need is urgent and the campaign is drawing to a close. Those urged to make your donation immediately.

Following is a further list of Red Cross donations:

A. C. Cowitz \$2; John Worthington \$10; L. S. Czipperly \$2; C. Elret \$2; Fred Metz \$2; Mrs. Dowell \$10; Earl Spencer \$10; Mrs. A. E. Miller \$1; R. Rasmussen \$10; C. V. Heron \$3; Jack Owens \$2; O. Scheldt \$1; H. Dagford \$1; Patterson \$2; Nelson Bros. \$1; C. L. Czipperly \$2; M. Shantz \$10; Ed Ranton \$25; H. Lynch-Stanton \$10; Canadian Legion \$20; W. O. Miller \$10; Earl Spencer \$10; Mrs. A. E. Miller \$1; L. W. Krebs \$10.

D. O. Thompson \$10; Gordon Ford \$3; Percy Hisegood \$30; Mr. Walter W.L. \$15; Annas Weber \$5; Walter Artman \$5; W. H. Herbert \$5; Sam Krueger \$25; E. Dupont \$5; J. Smallwood \$2; Frank Jackson \$10;

The Didsbury Fish and Game Association will conduct a summer campaign on crows and magpies, commencing on May 1st, and the campaign will again be in charge of Mr. E. B. Grange. This was decided at the Association's annual meeting on Friday night.

This year a change is being made in the manner of awarding prizes to avoid boys and girls clubbing together, thus allowing all contestants an equal chance for the prizes. This method also will give the small boys and girls a chance to compete. Under the new method of conducting the campaign a ticket will be given out for each 100 pairs of crow and magpie feet turned in to Mr. Grange, and at the end of the campaign a draw will be made for the three prizes. In this way a ticket will be eligible for only one prize.

As usual the sum of 5 cents per pair will be paid on presentation of crow and magpie feet, and a list will be kept by Mr. Grange of all feet turned in.

All predator bird feet collected during the winter campaign will be added to contestant's total for summer campaign awards, and all feet taken during the month of April can be turned in after May 1st for bounty collection.

WINTER CAMPAIGN A SUCCESS

The winter magpie campaign conducted by the Didsbury Association was again a success with 576 pairs of magpie feet being cashed in at 20 cents a pair. The campaign was handled by Mr. Grange and definitely closed on March 31. The Municipal District of Mountain View contributed \$50 towards the campaign with the local Association making up the balance.

All magpie feet not cashed in during the winter campaign can be included in summer contest.

Westerdale Discusses Curling Rink Project

A meeting of the Young People's Club was held at the hall on Monday evening when ten members were present. The meeting consisted mainly of discussions regarding a curling rink project, shingle paint for the hall roof, and the purchase of a volley ball. A special meeting may be called in the near future for further discussion.

A quilting bee was held at the home of Mrs. J. Cowie Monday afternoon when nine ladies completed a quilt for the Red Cross.

Patsy Buckley and Phyllis Jackson returned to the Composite High at Red Deer Sunday evening after spending the Easter holidays at their respective homes.

Mr. and Mrs. A. Caldwell and Mr. and Mrs. A. Zundel visited Sunday evening at the home of Mr. and Mrs. J. Cowie.

Mr. and Mrs. G. Nelson and son of Olds visited on Sunday at the home of Mr. and Mrs. S. Jackson.

Volley ball is again being enjoyed at the hall on Sunday evenings.

Born at the Didsbury municipal hospital to Mr. and Mrs. Jack Mason of Carstairs on March 29, a girl.

EAST NOTES

The next meeting of the Lone Pine W.L. will be held at the home of Mrs. C. Ehret on Wednesday, April 11, at 100 per cent attendance would be appreciated.

Best wishes are extended to Mrs. Bruce Shells who is a patient in the Didsbury hospital.
Ann Shells spent Friday with the Schumaker girls and they practiced their song for the evening's program.

Nelson McLean motored to Calgary with Mr. and Mrs. Schumaker and he will spend a few days at the Belcher hospital for treatment.
Mr. and Mrs. Harold Thompson and daughter and Mr. and Mrs. Alvin Baptist and son, all of Calgary, were Didsbury visitors this weekend with Mrs. Baptist and other relatives.

Those spending Sunday at the P. Schumaker home were Stanley and Leslie Schumaker and Miss Jessie McCulloch, Elwood Topley, Alice Thompson and Beverly.

Mr. and Mrs. Walter Fulkert motored to Calgary on Sunday to see the hockey game.

Fred Metz attended a municipal meeting at Red Deer on Saturday.
Billy Hummel and his brother have been visiting with friends in the neighborhood.

The Schumaker girls have returned home after spending the Easter holidays in Calgary.

Denna Ciperrey spent a few days with Beverly Thompson.

Mr. and Mrs. Arnold McCulloch were charivariated last Thursday evening by the Bancroft people and many lovely wedding gifts were given to the young couple.

Mrs. Herb Zeigler helped her sister, Mrs. Edith Thompson, with her house decorating on Monday.
Bud Richardson chopped one of his fingers and had to have several stitches to close the wound.

Pat Coates was cleaning grain for several farmers in the district last week.

Mr. and Mrs. Alfie Thompson were business visitors in the city last Wednesday.

Best wishes are extended to Mr. and Mrs. Clare Heron and family who are now making their home in Didsbury. Mr. and Mrs. Albert Milne have taken over Clare's place out east.

SYNTHETIC BLOOD

A substitute for blood plasma is being manufactured in Britain and is claimed to be the nearest approach yet to human plasma. The product is made from sugar and has the major advantages of involving no storage difficulties and being safe and simple to use. It is well retained in the circulation hence providing excellent means of shock treatment. Also it can be used to arrest considerable falls in blood pressure in major operations. Substance keeps indefinitely in any climate, making it possible to store large quantities.

NOTES

W.K. Snyder,
Field Supervisor

THE WILD OAT PROBLEM

To successfully control Wild Oats, knowledge of the growth habits of the plant is required. Why one year's summerfallow will seldom completely clean up a field infested with this weed is explained as follows. Wild oats germinate best at temperatures below 50 degrees, thus they will germinate well in May and June and will refuse to grow in the later part of the season when temperatures are higher. When wild oat seeds drop to the ground they will contain a high percentage of moisture. Before the seed will germinate this moisture must be lost and fresh moisture absorbed. Seeds that drop in the early fall and are then covered by fall cultivation may not go through the exchange of moisture stage for considerable time. That is why we find crops polluted with wild oats following what appears to be a thorough summerfallow.

Recommended methods of wild oat control include delayed seeding of an early maturing barley, seeding fall rye around September 1st following summerfallow, and seeding down a hay crop such as a mixture of alfalfa and brome. Farmers practicing a systematic rotation which includes grasses and legumes do not have wild oat problems. For further information on the best way to rid your field of wild oats, consult your District Agricultural or Field Supervisor. They will be glad to share with you their observations and experiences.

WORLD WOOD CONSUMPTION
Canadians consume 1.7 tons of wood per person per year. The corresponding world average is 0.5 tons. In China, it is less than 100 pounds.

CHRISTIAN SCIENCE

Why should man fear that which is erroneous and untrue? This question will be dealt with Sunday in Christian Science churches in a Lesson-Sermon entitled "unreality." It is comprised in selections like these: "Submit yourself therefore to God, and he will draw nigh to you" (James 4: 7, 8). "Resisting evil, you overcome it and prove its nothingness." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 446).

MAKE GOOD SEED?

Before using small potatoes for seed, find out why they are small, advises W. Lobay, Supervisor of Crop Protection, Alberta Department of Agriculture. They may have come from hills that were diseased, thus hindering their development. Even bacterial ring rot may be introduced in this way. You can't take chances with bacterial ring rot or any other potato disease. In this case look around for better stock. On the other hand, the smallness of the potatoes may be due to late planting or to killing of the tops by early frosts. If that is why they are small, they will make good seed.

Small potatoes are recommended for seed only if the purchaser knows they have come from good stock, says Mr. Lobay. The Field Crops Branch of the Alberta Department of Agriculture has a record of all potato stocks grown in the commercial areas of the Province. They will be pleased to supply information on request.

GET OUT OF THIS BUSINESS

Whether or not there is any justification for paying out any taxpayer's money to compensate wheat farmers for the governments' had guess, on one point there should be no doubt at all. Ottawa should get out of the farm marketing and get out quickly and completely.

If ever we need proof of the folly of state trading we have it now. In this four-year wheat deal with Great Britain, Canadians have lost several hundred million dollars and there is no hope whatever of escaping the loss. Either as wheat growers or taxpayers that loss will stick. There is no hope, and there never was, of getting compensation from the British government. Only more bad feelings will be generated between London and Ottawa by pressing "claims" that never had any real substance.

GRAIN PRICES IN ARGENTINE

The Argentine government has decided to increase the official prices for the current harvest of wheat, barley, oats and rye to compensate for increased labor and shipping costs.

The new price in Canadian money at current rates of exchange are: Wheat, \$1.57; oats, .58; barley, .97; rye, \$1.13. The wheat price is up 14c a bushel from last year.

TRIBUTE TO WAR DEAD

A large granite stone and bronze plaque have arrived at Corner Brook, Nfld., from England to be erected as a war memorial to the employees of Bowater's Newfoundland Pulp and Paper Mills Limited who gave their lives in World War II. Work on the monument and landscaping is expected to take several months.

W. L. REIMER**Choose IMPERIAL ACTO GASOLINE**

If you have a low compression tractor, the fuel to use is "Acto". You'll get top engine performance at all times. You'll get quick starting . . . more power . . . along with convenience and flexibility.

More Power: Tractor operators have found that "Acto" gives more power for the heavy loads . . . smoother operation . . . and less trouble with temperature control.

More Convenience: You'll get easier starting, without long warm-up periods. Hardly any crank case dilution when you use "Acto". It's a satisfactory fuel for all types of operators.

More Flexible: "Acto" is a flexible fuel. By that, we mean it gives uniform performance with variable loads. It's the fuel that helps you get the most out of your low compression tractor.

**SEE YOUR IMPERIAL OIL AGENT****PASTURES RESPOND TO SUPERPHOSPHATE**

Experiments on pasture fertilization and management over a six year period on 73 Illustration Stations in Eastern Canada and British Columbia, showed a marked increase in yield from the use of superphosphate and only a relatively small increase from the use of potash and nitrogen when these fertilizers were added to the mixture.

Illustration Station officials at Ottawa pointed out that an application of 600 pounds of superphosphate per acre every three years gave an average increase of 2.83 tons of green clippings per acre over the untreated check plot yields of 5.38 tons per acre.

It was found that the addition of potassium increased the yield by approximately one-half ton per acre, and when nitrogen was added yields were increased by nearly one ton.

Officials stressed the fact that while different soil types would give varying results from these averages, the general overall pattern revealed marked increases in yields from the use of superphosphate, compared with the use of potash and nitrogen.

RED CROSS OPERATES FIRST AID POSTS ON HIGHWAYS

Civil defence authorities can now count on a nucleus of 5,000 Canadians who have received training in Red Cross first aid, according to figures released recently by the chairman of the Red Cross national committee on First Aid, Swimming and Water Safety.

Aimed at cutting down the toll of death on the highways, 143 Red Cross highway first aid posts are established in five provinces; in Ontario and Manitoba approximately 100 more are operated with the joint assistance of St. John Ambulance Association, the Ontario Motor League and Manitoba province.

Increased interest in Red Cross classes in Swimming and Water Safety was also shown in 1950, when 46,967 people enrolled, 5,000 more than in any previous year. In the five years since the inauguration of this Red Cross safety program, a total of 170,564 pupils enrolled and more than 100,000 successfully passed the tests. Nearly 5,000 fully qualified instructors now volunteer to teach in the free swimming classes.

Continued operation of these protective and instructional services depends on the success of the Society's annual national appeal for funds which is drawing to a close.

WHY IS "FLU" CALLED "GRIPPE" (Pt. William Times-Journal)

About 100 years ago, it is said, a gentleman from Boston was presented to the president of the United States at the White House.

In a very few hours he was stricken with some illness which we, today, would likely call the "flu". But this Bostonian rather jokingly told his friends that he had contracted the illness from shaking hands with the president who was very cordial and courtly in his manner, although considered rather "cold".

For quite a number of years this ailment was popularly known as the "Grippe" which is, doubtless, a pun on the word "grip"—the grasp in shaking hands. Reporters and newspaper men, today, may tell you that you have "influenza" but it grips you just the same. Health authorities advise us to keep out of crowds, go to bed immediately if attacked, etc. At any rate, we could avoid "shaking hands."

RATS BLEED TO DEATH

Described as one of the newest and most promising pest control products of recent years, "Warfarin" is the name of a chemical being added to the rodenticides registered under the Pest Control Products Act administered by the Department of Agriculture's Plant Products Division at Ottawa.

Officials say that this material belongs to the same group of chemicals now used in medical science for preventing blood clots after operations. According to the scientists the new chemical causes bleeding so that when rats eat enough corn meal or other bait containing it, they will eventually bleed to death internally.

Said to be odourless and tasteless, Warfarin cannot be detected in the bait by rats. It is also effective for controlling mice.

JAPAN LEADS COTTON CLOTH EXPORTER IN 1950

Japan was the world's leading exporter of cotton cloth in 1950. Total exports of cotton cloth last year reached 1,061 million square yards, an increase of 42.9 per cent over the 741 million square yards shipped in 1949. There was a sharp increase in exports of cotton cloth to Asiatic countries, notably Pakistan and Indonesia, while exports to Great Britain, the largest market in 1949, decreased. Exports to Canada last year were eight times greater than in 1949 and were six times greater to the United States in the same period.

UNITED STATES SUPPORT PRICE FOR GRAIN

The United States Department of Agriculture has announced price support for the 1951 corn crop at 80 per cent of parity, with an assured minimum national average of \$1.54 per bushel.

Support for the 1951 crops of oats, barley, rye and grain sorghums will be at the same per cent of parity as for the 1950 crop. For oats this means a national average of 72 cents per bushel, \$1.11 for barley and \$1.30 per bushel for rye.

FISH HATCHERIES

The Wildlife Service of the Department of Resources and Development operates fish hatcheries in three National Parks—Jasper, Banff and Waterton Lakes, Alberta. In addition to research and experiment carried on at the stations, hatchery-raised trout keep the fish population of the National Parks up to strength and ensure that this popular tourist attraction does not become depleted. Most hatchery trout are of the cut-throat, rainbow, eastern brook (speckled), lake and brown varieties.

COMPETITION FOR PLASTIC

Synthetic resin adhesive and dielectric heating, now available to the woodworking industry, have made possible the mass production of curved plywood. A wide field appears to exist where these curved plywood shapes can successfully compete with molded plastics and light metal alloys. The fine figure of veneers cut from many different types of Canadian woods provide the added attraction of eye appeal. A special press designed at the Ottawa Forest Products Laboratory of the Department of Resources and Development allows rapid production of curved plywood shapes. These have proved adaptable for many different types of use.

STILL PLENTY OF ROOM

Even in a young and growing country like ours there are far too many people who with diaries a "success" story of a previous generation with the remark: "But they couldn't do that today, there is too much competition now."

These people should look around. They should note the number of big companies today that yesterday were small or even nonexistent. There are plenty of examples and

there will be more.

Five years ago what is now a prosperous and growing Manitoba company was but an idea of three young men who had decided to go into business for themselves. They got a couple of tin huts from War Assets and a staff of six began to make electrical transformers suitable for rural power lines. Initial production was 300 units a year. Today the company employs over 70 people, turning out 600 units a month.

MOUNTAIN VIEW

Folks, keep in mind the picture show at Mountain View hall on Wednesday, April 4, on "Farm Sewage Systems." Also a talk on the subject. A film of comics, one on travel, and another about driving safely on the highway will be shown. There is no charge and everyone is invited to come and spend a social evening.

Mr. Thomas and Ron were hosts Friday evening in their home where a card party was held. There was a good crowd and ladies' first prize went to Mrs. Charles Snyder with Miss Audrey Gooding getting the consolation. Men's first prize was won by Mr. Neil McKay and the consolation by Mr. Doug Gooding.

Mr. and Mrs. Mervin Hall of Calgary were present for the card party at the home of the latter's father.

Among those from this district who attended the Achievement Day at the Olds School of Agriculture last Wednesday were Mr. and Mrs. Booker, Mrs. Stiles and Gordon, Mr. and Mrs. Stewart Tighe, Bud Tighe, Margaret and Kay Atkinson, Mrs. Worrall, Mrs. L. Hunter, Carol Kirkpatrick, Mr. Wm. Smith and boys, Olwen Buttner, Lila McCulloch and Mrs. Annett. We understand that many others from the district also attended.

The Anglican Church card party is this Friday, April 6, at the Lone Pine hall. Everyone welcome, and lunch will be served.

Those enjoying a chicken supper at the home of Mr. and Mrs. James Worrall on Sunday were Mr. and Mrs. George Kirkpatrick, Bud, Carol and wee Lonna, Mrs. M. M. Wood, and Jimmie Viner, all of Calgary, and Mr. and Mrs. Mac Wood.

Mr. and Mrs. Joe Hunter and boys and Mrs. Emily Hunter visited Sunday with Mr. and Mrs. Art Gebers.

Mr. Otto Bittner and Bobby spent the past week visiting with relatives in Saskatoon.

Miss Agnes Tighe, who spent the past month with Jenkins Groceries at Sylvan Lake, has accepted a position with Jenkins' at Innisfail. She spent Sunday at her home in the district.

Harry Morasch was a Sunday dinner guest with Mr. and Mrs. Alfred Morasch and Carol.

Mr. and Mrs. Grenville McCall and Florence were Tuesday evening visitors with Mr. and Mrs. Lawrence Hunter.

Anna McCall spent a few days in Calgary with her grandparents, Mr. and Mrs. Thomas McCall.

Bill Shultz and George Morasch returned Sunday morning from the lumber camp.

Mr. and Mrs. Grenville McCall visited Sunday evening with Mrs. Birdell and Mr. McAllister.

Congratulations to Mr. and Mrs. Alvin Schellenberg who were married last Monday in the New Bertha church. Mrs. Schellenberg's name was Ruth Neufeld before her marriage.

Mrs. Emily Hunter visited Thursday afternoon with Mrs. Lawrence Hunter and Mrs. Worrall. She is staying with Mrs. Joe Hunter.

Mr. and Mrs. Garnet Tighe left Saturday morning to spend a couple of days with their son-in-law and daughter, Mr. and Mrs. Allen Leith, at Vauxhall.

BURNSIDE NOTES

Spring must be here. The gophers are out, the crows are back, and the Lone Pine chicks is running.

Mr. and Mrs. R. Booth are guests of the latter's parents, Mr. and Mrs. John Davis of Sunnyslope.

Wedding bells will be ringing early in April for Miss Gooding and Mr. Bill Persinger.

The Agricultural Service Board meeting at the Lone Pine Hall on Thursday night was well attended in spite of the muddy roads.

Scotty Grant has returned after spending the winter at his old home in Scotland. He travelled by plane and after visiting for a time at Vancouver has returned to the district to reside at the home of Mr. and Mrs. J.C. McCulloch.

Sympathy is extended to Mr. Ed Anderson and family, old timers of the Burnside district, on the death in Calgary of Mrs. Anderson, who was buried at Markerville. The pallbearers, all from the Burnside district, were H. Campbell, Ed Patterson, Tom Patterson, M.S. Page, R. Page and L. Reist.

Mr. and Mrs. Peter Schumaker were in Calgary visitors on Thursday and returned with 500 two-week-old chicks.

The Jutland Calf Club box social and program at the Lone Pine hall on Friday night was well attended.

Fred Metz was injured by a cow on Friday night and had to go to town to see a doctor, but he seems to be as well as ever again.

Mrs. Ed McNeil is a patient in the Didsbury hospital.

M.V.B.C. NEWS

On Wednesday, March 28 the M.V.B.C. A Cappella Choir was host to the choir from the Canadian Nazarene College of Red Deer. Professor E. R. Taylor, director of the C.N.C. Choir presented them in a concert of sacred song at the Unitarian Church here at 11:00 o'clock in the morning. Among the numbers given were choruses from Handel's famous "Messiah." The final chorus sung was "Worthy is the Lamb." Professor Taylor, a tenor, sang two solos. There was also a ladies' trio.

G. Lyle Richardson, director of the M.V.B.C. choir, and the choir members had as their dinner guests the 30 member C.N.C. choir. They also conducted their visitors on a tour through the College buildings. The spirit of fellowship between the choirs was indicative of good relationships with a college of like ideals and objectives.

On Monday, April 9, the M.V.B.C. choir will visit C.N.C. in a concert on their return trip from Edmonton. The choir will sing in at least four services in Edmonton, beginning Friday evening, April 6, and finishing on Sunday evening, April 8.

On Friday evening, March 30, at 8:00 o'clock, the second and final student piano and voice recital was given to a capacity crowd at the Knox United Church. The program afforded fine variety. The two-piano feature, presented by three separate duos was a demonstration of the team work. The individual vocal and piano numbers also showed good progress made during the year. Both of the student recitals gave concrete evidence of the value of a strong music section in the College curriculum.

The A Cappella Choir travelled to Linden church on Sunday evening, April 1. Their performance was praiseworthy. On account of road conditions the audience was not quite so large, yet withal very appreciative and their response was gratifying.

On March 27 and 28 the Board of Directors of M.V.B.C. held their Spring Session at the College. Among the numerous items of business to which they attended was the reorganizing of the faculty. Rev. J. T. Hoskins was re-elected to the office of President, Rev. D. M. Taylor of Winfield, B.C., and a member of the Board, was elected Vice-President, and Miss Gladys Eby was re-elected Dean of Women and Registrar; Rev. W. D. Annett, Secretary-Treasurer; Peter Waldin, Dean of Men; and Mrs. Ruth Hoskins, Librarian. Besides these administrative offices they will teach as circumstances demand.

Mrs. Lydia Sudor, Mrs. Pearl LeMont and Peter Waldin were returned as full-time teachers in the School of Theology, and G. Lyle Richardson and John F. Wilson in charge of the School of Music. Abe Sawatzky was re-engaged as caretaker for the year 1951-1952.

The Board also approved the recommendation by the faculty to introduce the semester system of operation, along with the changes and additions deemed necessary to establish and strengthen the curriculum.

flat on one's face

"Know-how" is a popular phrase in these times — the western nations' industrial know-how is said to be their greatest hope. But it is not enough to know how to do a job. Doing it is what counts. Between knowing and doing there are usually a surprising number of opportunities for falling flat on one's face.

The textile industry in Canada, of which Dominion Textile is a part, has been practising for over a century to avoid falling flat on its face. While learning its job and doing it, the industry has become the largest employer of manufacturing labor in Canada and the payer of the largest manufacturing wage bill.

LITTLE ITEMS OF
LOCAL INTEREST

Mr. and Mrs. Ed Buhr and Mr.
and Mrs. Bert Buhr of Glenora,
left Saturday for Los Angeles, Cal-
ifornia, for a three-weeks holiday.

—St. Anthony's Altar Society will
hold a sale of home cooking in the
Red & White store on Saturday,
April 7, from 3 to 6 p.m. 2c

Raymond Shantz was at Carlsbad
on Tuesday helping Allan Baker
with an auction sale.

—The Sundre W. L. and the Elks
will present a play "Arsenic and
Old Lace" at the Rugby Hall on
Friday, April 6, at 8:00 p.m. Admis-
sion: Adults 75c, Children 40c. 1c

C. V. Heron, who has farmed
east of Didsbury for the past 15
years, has moved to the Slang farm
in the Hartmann district.

Mr. and Mrs. Harold Conway
were recent visitors with Mr. and
Mrs. Alfred Cook.

—Don't forget the Didsbury Dairy
Club dance at the Melvin Hall
on Friday, April 6. Everyone wel-
come.

Mr. and Mrs. Chas. Spreeman
and Eloise spent the Easter holi-
days in Calgary with Mrs. Spree-
man's parents, Mr. and Mrs. J. Mc-
Intyre.

Mrs. Erna Loney, Beverley and
Doreen of Carstairs visited Thurs-
day with Mrs. Eva Blain. Saturday
visitors at the Blain home were Mr.
and Mrs. O. A. Blain of Elkton.

A number of Didsbury people
were in Calgary Saturday afternoon
to see the hockey game at the new
Calgary Stampede Corral, between
Hillhurst and Didsbury. The game
was close but the locals lost the
contest 4-3.

—Fresh cut flowers for the week-
end at Berscht's, phone 36.

The sewer line running along the
west side of town, which froze up
during the cold weather, is gradu-
ally being opened up with the aid of
the thawing machine from the
Town of Olds. Services have been
maintained by pumping out the line
through the man holes with the
town sewer pump.

Spring is definitely here although
we may have the odd snow flurry
before the weather really warms
up. The snow between Calgary and
Didsbury, west to the Little Red,
and east to Neapolis is practically
all gone with the exception of a
few drifts, and the grass by the
roadside is showing green in
places. The crows, robins, ducks
and geese are back from the south
and gophers are out almost every-
where.

And Meet Your Friends

—Redeemer Lutheran Walther Le-
ague will present a three-act comedy
drama "Eyes of Love," in the church
basement on Thursday, April 19,
and Friday, April 20, at 8 p.m. 1

Mr. and Mrs. Eldon Thede spent
Friday with Mr. and Mrs. Alfred
Cook.

Mrs. Dave Mackay and daughters
of Vancouver are visiting with Mr.
and Mrs. P. E. Neufeld.

Mr. and Mrs. Wayne Foat of Cre-
mona spent Sunday with Mr. and
Mrs. Alfred Cook.

Mr. and Mrs. Dan Russler and
two boys of Carstairs spent Sunday
in town with Mr. and Mrs. Ray
Campbell and family.

—Berscht's for Spring Dry Cleaning.
Tuesday service, leave your cloth-
ing Monday and it is returned
Friday morning.

—The Ladies' Auxiliary to the Cana-
dian Legion (B.E.S.L.) is having a
tea and bake sale on April 21 in
the Lions' hall from 3 to 6 p.m.
Price 35c. There will be a door
prize in connection with the tea.
Everyone welcome. 14-3c

Mrs. J. Foat visited recently at
the Alfred Cook home and on re-
turning they visited at the Huber
home in Carstairs.

—"King Solomon's Mines" will be
shown at the Didsbury Opera
Theatre on May 3, 4, 5.

Dr. F. J. Lishman of the Rosebud
Health Unit staff, addressed a meet-
ing at Three Hills on Monday night
when he outlined the formation of
a health unit for the Municipal
District of Kneehill, the Prairie
Bible School and the Town of Three
Hills. Incidentally, the party had
quite an outing. They had to turn
back after nearing Three Hills on
account of flooded roads, and con-
tinue their journey via Acme.

ALBERTA'S SHARE
The sum of \$37,580,000 is the Al-
berta farmers' share of the finan-
cial payment of \$120,000,000 which
will be made by the wheat board
covering wheat deliveries in the
1945 to 1949 crop inclusive.
This is not an official figure but
is calculated on farm deliveries
for the five years as tabulated by
the Dominion Bureau of Statistics.

LAMPS REDUCE PIG MORTALITY
A number of farmers in Great
Britain have installed infra-red
lamps in their pig pens, and it is
claimed these lamps have been in-
strumental in reducing the rate of
mortality among piglets. Trials to
date indicate an increase of 25 per
cent in those surviving up to wean-
ing age.

AMERICAN APPLES FOR BRITAIN
Dessert apples totalling 500 thou-
sand boxes have been purchased
from the United States, it was re-
cently announced by the United
Kingdom Ministry of Food. The
price was not disclosed.

LESS POWERFUL GAS?
Canadian motorists probably have
seen the tops in super-gasoline at
least until after the present defence
emergency is over.

The sharply stepped-up military
program both here and in the U.S.
has put an end to the gasoline oc-
tane race which started among
Canadian refiners last spring. From
here on the trend is apt to dip
downward.

CANADIAN TRADE WITH
HAITI INCREASED

Canadian exports to Haiti showed
an increase of 35 per cent for the
ten months ended November 30,
1950. Exports for that period total-
led \$2,264,000, as compared with
\$1,696,000 for the same period in
1949. Principal exports were wheat
flour, salted and smoked herring,
pickled alewives, and salted and
dried codfish.

Canadian imports from Haiti
were almost double the previous
year's figure for the ten-month pe-
riod ending October 31, 1950, amount-
ing to \$1,519,000, as compared with
\$859,000 in 1949. Larger imports of
sisal coffee and bananas, and three
principal imports, were responsible
for the increase.

South West Didsbury

(Continued From Page 1)

Calgary visitors on Thursday.

Mr. and Mrs. M. Dippel and Car-
ole were Friday evening visitors
with Mr. and Mrs. Harvey Stevens.

Mr. and Mrs. C. Hillebrecht and
Sharlene and Mr. Mallinger of Cal-
gary were Sunday dinner guests of
Mr. and Mrs. E. Bartz. Sharlene
accompanied her folks home after
spending the week in the district.

Mr. and Mrs. C. F. Stroud cele-
brated their wedding anniversary
on Sunday and had as their guests
Mr. and Mrs. M. Dippel and Carole.

Mr. and Mrs. Ken Gee of Car-
stairs and Mr. and Mrs. Roy Ek-
strand and daughter were Friday
dinner guests of Mr. and Mrs. Cliff
Ekstrand.
